RANGECRAFT MANUFACTURING CO. INC., OFFERS STOCK OR CUSTOM MADE UNIVERSAL INSERTS

FAIR LAWN, NEW JERSEY — RangeCraft Manufacturing Co. Inc., is well known to the industry for the highest quality range hoods in copper, brass and stainless steel. RangeCraft also offers the industry's largest stock selection of Universal Inserts for wall or ceiling mounted applications. For wall mounted installations, sizes range from 22" to 58" in width by 15" or 18" in depth. For ceiling mounted installations, sizes range from 22" to 58" in width by 20" in depth. Universal Inserts can also be custom made with or without a stainless steel liner to fit even the most unusual sized wood hoods.

Universal Inserts are easy to clean! They are available with or without super quiet fans and heat lamps. These units can be vented out the top or back, and there is a duct free option as well. Plus, all RangeCraft Universal Inserts come with a lifetime limited warranty. By customizing your own insert, you are guaranteed the styling and specifics you desire with all the quality features offered by RangeCraft Manufacturing.

All Rangepcraft Range Hoods and Universal Inserts come standard with their patented micro baffle filters (MBF), halogen lights and a light switch inside the hood. The internal super quiet fan is available with CFM's of 600 or 1200. Our special services include installation if you choose to ship your wood hood to our plant.

Since 1969, Rangepcraft has been a leading industry manufacturer of metal range hoods. Rangepcraft maintains its standard of excellence with state of the art production machinery to insure the finest quality and selection of range hoods and universal inserts for kitchen ventilation. All of Rangepcraft products have a European flair, but are built in the USA.
